PERFORMANCE ACCESSORIES

EXTERIOR

1 Front Lip Spoiler
RM2,145.00 ST96020SE010

This spoiler improves vehicle stability by diverting the flow of air from the front/sides and channels it towards the rear thus preventing lift.

2 Front Side Under Spoiler (2 Pcs)
RM2,885.00 ST96020SE020

Mounted on either ends of the front bumper, this spoiler aids in improving stability by regulating the air-flow coming from the front/sides and diverting it to the rear – this also prevents lift.

Silver Under Spoiler

Aero Garnish (Rear Door) (2 Pcs)
RM2,145.00 ST96030SE150

This rear door garnish is not only just visually appealing, it also serves to improve air-flow from the front to the sides of the body while the car is in operation and protects the ends of the rear door from damage by loose gravel and debris.

Rear Side Under Spoiler (2 Pcs)
RM2,885.00 ST96031SE000

Mounted on the section of the rear bumper just after the wheels, these side under spoilers improve air-flow from the front/sides by diverting it towards the rear. The pair also minimise turbulence around the rear bumper – keeping the car body stabilised with better passenger comfort.

Side Under Spoiler (2 Pcs)
RM3,550.00 ST96030SE000

Redirecting air-flow from the front and sides that run under the car to create lift, the Side Under Spoiler channels it towards the rear instead. This results in a more stable ride and smoother handling.

Door Protector (4 Pcs)
RM378.00 ST91099ST080

This is a carbon-effect door handle protector which protects the car from scratches and fingerprints when opening/closing doors. Designed for a grip-type door handle, this not only serves as scratch prevention, but also adds a sporty touch.

INTERIOR

Push Start Switch
RM1,040.00 ST83031ST050

A push-button ignition starter switch for models featuring keyless entry and push-button starter switches. The cherry-red button also gets the STI logo featured prominently in the centre to give your Forester's cabin a touch of sportiness.

STI Shift Knob, Leather
RM1,410.00 C1010SJ000

Made from high quality kipskin leather in piano black with a cherry-red STI logo featured prominently for a premium touch. The sides of the shift knob are upholstered with dimpled kipskin as well for a sporty finish.

FOR WHEELS

STI Valve Cap Set (4 Pcs)

RM290.00 ST28102ST030

These lightweight wheel valve caps feature a knurled finish design on machined aluminum to prevent slippage. To improve their resistance to weather while matching the colour of aluminum, a silver alumite treatment has been applied to the surface of each valve cap. The hexagonal head of the valve caps have rounded tops which is adorned with a cherry-red STI logo for

STI Security Wheel Nut Set

RM2,906.00 ST28170ST060

The set features 16 lug nuts and 4 lock nuts made from 3-layer nickel plated hard steel in a chrome finish to prevent rust. An enhanced locking mechanism means improved security for your XV's wheels with each lug nut measuring 12 x 1.25mm. The set also includes a special tool for the installation and removal of the lug nuts (McGard).

STI Wheel Nut Black Set (20 Pcs)

RM1,404.00 ST28170ST020

RM1,404.00 ST28170ST000

STI Wheel Nut Gold Set (20 Pcs)

RM1,404.00 ST28170ST010

This narrow lug nut set has a 3-piece structure featuring a 3-layer coating and dichromate finishing that protects against corrosion on tapered areas. Each cap also has a clear-coated laser engraved STI logo. The lug nuts are also anti-theft as they can only be installed/removed with a special tool.

FOR ENGINE

STI Battery Tower Bar

RM702.00 ST82182ST000

Enhance the looks of the Forester's engine bay with this unique battery holder that resembles the STI flexi tower bar while securing the battery in place.

* Compatible with batteries with "D" as the third digit

STI Engine Oil Filler Cap

RM389.00 ST15257ZR010

Made from a machined die-cast aluminium base and finished in a stylish resin cover, the STI Engine Oil Filler Cap also features an embossed black cap top encircling a cherry red STI logo for a special touch.

* A gasket is not included

Performance Oil Filter

RM281.00 ST15208ST010

The STI Oil Filter's enhanced performance is thanks to its increased filtration area of 15% compared to conventional units. It also has dedicated materials that improve particle filtration, which captures fine impurities such as carbon - this aid in reducing pressure loss by 10%. The filter is compatible with high viscosity oils, providing a stable performance not only on the road but on track as well.

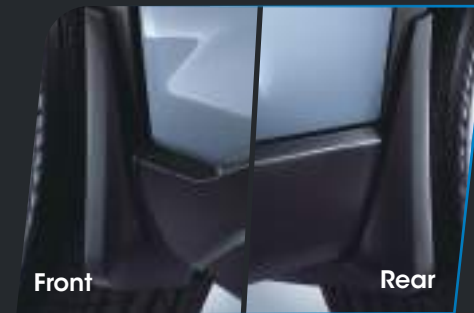

STI Flexible Tower Bar

RM2,268.00 E4010FL000

STI's newest breakthrough in strut tower bars involves splitting an aluminum tower bar in the center and connecting the two pieces via pillow ball joints. As the left and right pieces are flexibly connected, the bar can moderately handle longitudinal forces such as gaps on the road while holding strongly against lateral forces during cornering. As a result, it dramatically improves cornering performance, straight-line stability and ride comfort.
