PERFORMANCE ACCESSORIES

EXTERIOR

1 Front Lip Spoiler \$503 ST96020SE010

This spoiler rectifies the flow of air from the front to the sides of the vehicle and improves driving stability. It controls the flow of air and prevents it from lifting the vehicle by diverting it towards the rear.

Silver Under Spoiler

2 Front Side Under Spoiler (2 Pcs) \$1338 ST96020SE020

This spoiler rectifies the flow of air into both front sides of the vehicle as well as improves driving stability. It also controls the flow of air and prevents it from lifting the vehicle by diverting it towards the rear.

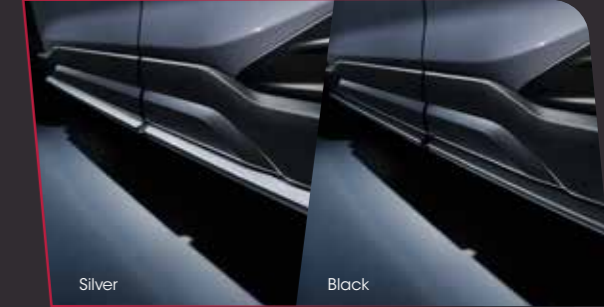

Aero Garnish (Rear Door) (2 Pcs) \$503 ST96030SE150

This product rectifies the airflow from the front to the side of the body when the car is running, in order to stabilise the vehicle. It also provides a protective function in the rear end of the rear door which is prone to damage by loose gravel and other debris.

Rear Side Under Spoiler (2 Pcs) \$1349 ST96031SE000

This product rectifies the airflow from front to rear by pushing the air efficiently towards the rear end. It also corrects turbulence around the rear bumper, keeping the car body stabilised and improving passenger comfort.

Side Under Spoiler (2 Pcs) \$824 ST96030SE000

This is an aerodynamic part which rectifies airflow from the front to the side of the vehicle body when the car is moving, redirecting the airflow under the car body which acts to lift the car, towards the rear of the vehicle. As a result, the car becomes more stable and the handling becomes smoother.

Door Protector (4 Pcs) \$75 ST91099ST080

This is a carbon-effect door handle protector which protects the car from scratches and fingerprints when opening/closing doors. Designed for a grip-type door handle, this not only serves as scratch prevention, but also adds a sporty touch.

INTERIOR

Push Start Switch \$236 ST83031ST050

Push-button ignition starter switch for models with keyless entry and push-button starter switches. The cherry red button with the STI logo in the center gives the interior a sporty look.

STI Shift Knob, Leather \$311 C1010SJ000

High quality kipskin leather is used and a STI logo is embroidered in cherry red on the top of this gearshift knob. The sides are upholstered with dimpled kipskin for a sporty finish, in piano black for a premium touch.

FOR WHEELS

STI Valve Cap Set (4 Pcs)
\$81 ST28102ST030

These wheel valve caps are lightweight with a knurled finish design on machined aluminium to prevent slippage. A silver alumite treatment has been applied to the surfaces of these valve caps to improve its resistance to weather and match the color of the aluminium wheels. The hexagonal heads of the valve caps have rounded tops, and a cherry red STI logo is stamped on the embossed area.

STI Wheel Nut Black Set (20 Pcs)
\$300 ST28170ST020

STI Wheel Nut Blue Set (20 Pcs)
\$300 ST28170ST000

STI Wheel Nut Gold Set (20 Pcs)
\$300 ST28170ST010

Narrow lug nut set with 3-piece structure. This product has a 3-layer coating, dichromate finishing to protect against corrosion on tapered areas. Its caps have a clear-coated, laser-engraved STI logo. The theft prevention lock nut can only be installed/removed with a special tool.

FOR ENGINE

STI Battery Tower Bar
\$150 ST82182ST000

A unique battery holder reminiscent of the flexible tower bar, adds an attractive highlight to the engine compartment, in addition to securely holding the bulky battery.

*Compatible with batteries with "D" as the third digit

STI Engine Oil Filler Cap
\$161 ST15257ZR010

This oil filler cap consists of a die-cast aluminium base that has been machined, and given a stylish resin cover. The shape of the cap has been specially designed to allow for use even when wearing work gloves. The silver aluminium base with embossed black cap showing the cherry red STI logo adds a special touch to the engine compartment.

*A gasket is not included

Performance Oil Filter
\$75 ST15208ST010

This is an oil filter with enhanced performance thanks to an increased filtration area of 15% compared to conventional filters. With dedicated materials to improve its particle collection performance, this filter also captures fine particles such as carbon and reduces pressure loss by 10%. It is compatible with high viscosity oil, providing a stable performance not only on roads but also on the circuit track.

STI Flexible Tower Bar
\$589 E4010FL000

This is a strut tower bar with a new concept - splitting an aluminium tower bar in the center and connecting the two pieces with pillow ball joints. As the left and right pieces are flexibly connected, the bar can moderately handle longitudinal forces such as gaps on the road to maintain ride comfort while strongly holding against lateral forces during cornering. It greatly improves cornering performance, straight-line stability and ride comfort.

EXTERIOR

Door Visor Without Chrome Molding (2 Pcs)
\$193 F0010SJ000

These visors are durable, crack-resistant and designed for an unobstructed view of the side mirrors.

Its smooth and tapered design is integrated with the external lines of the vehicle for a bold look.

It provides good air circulation and keeps the rain out when driving with the windows down.

Door Visor With Chrome Molding (2 Pcs)
\$236 F0010SJ010

These visors with chrome molding are durable, crack-resistant and designed for an unobstructed view of the side mirrors.
